REVIEW DRAFT PLAN

The Auburn Hazard Mitigation Committee (AHMC) reviewed the draft of the Updated Auburn Hazard Mitigation Plan. Ms. Harris noted the revisions that were made since the last meeting. The committee did not have any further revisions from their review. The committee discussed public outreach and the noticing of the draft plan. Mr. Herman will get a public notice in the Union Leader and on the town website that the draft plan will be available for public review and comment at the Town Hall and the Town Library until June 6, 2011. Comments received will be sent to the committee via email and a special meeting will be held in June if there are any significant issues to discuss. The draft plan will be finalized after any comments received are appropriately incorporated and Ms. Harris will send the final plan to FEMA for review.

NEXT ACTIONS

Ms. Harris explained that once FEMA has completed their review and conditional approval is received, the Town will need to schedule adoption of the plan with the Board of Selectmen. After the plan is adopted Ms. Harris will need a resolution stating so and she will send the resolution to FEMA who will then issue final approval of the plan.

NEXT COMMITTEE MEETING

The committee will meet next in June 2011 if a meeting is necessary to discuss public comments received on the draft plan
Meeting adjourned.
