Date: October 12, 2018 Re: 2018 Tax Rate

On October 11th, the Town received the 2018 property tax rate from the NH Department of Revenue Administration – which totals \$17.06 per thousand.

This is a 19.3% reduction from the 2017 tax rate of \$21.15, which closely correlates to the approximate 21% increase in overall assessed values as a result of the revaluation performed in 2018.

Attached is the formal breakdown of the tax rate document received from NHDRA for your information and review.

It is anticipated that with the tax rate in hand, the work to prepare a warrant for the second issue property tax bills and print the bills so they can be mailed will be completed so that tax bills would be in the mail by November 1st, if not possibly even in late October.

Thank you for your consideration.

DRA has provided a reference range of fund balance retention amounts below. Please utilize these ranges in the determination of the adequacy of your municipality's unrestricted fund balance, as currently defined in GASB Statement 54. Retention amounts, as part of the municipality's stabilization fund policy [1], should be assessed dependent upon your governments own long-term forecasts and special circumstances. Please note that current best practices published by GFOA recommend, at a minimum, that "...general purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures." Re: Proposed FY 2019 Town Budget

One of the goals established by the Board of Selectmen for 2019 was to adjust the Town budgeting process so that the Selectmen and Budget Committee could first receive a complete budget package to be able to see the "big picture" before beginning to meet with each department, board and commission individually.

At the outset, I want to acknowledge the efforts of all the Town departments, officials and employees for working through their own budget processes much earlier in the year than they are used to in order to be able to compile this budget. And Finance Director Adele Frisella should be specifically noted for all of her work to compile the individual pieces to be able to present this total package.

In compiling this budget, we have included all of the budget requests made through the individual departments and have not made any changes to those requests so the Selectmen and Budget Committee will see the full depth of the requests. The Selectmen and Budget Committee will be able to work through the specifics with the individual department heads, boards and commissions as they usually do when individual units make their budget presentations to the Board.

In very simple terms, the budget requests for FY 2019 total \$6,023,007. This compares to the current 2018 approved Town appropriations of \$5,643,025.

With this document, it is important to note what is included in the budget and what isn't included in the budget as of yet.

- For example, all of the wage lines throughout the budget are included at the current rates of pay for all positions. There is no funding included for any step increases or COLA adjustment.
- Several items such as health insurance, dental insurance, workers compensation and property & liability coverage are included at estimated rates to be charged.
 Adjustments may be forthcoming based on rates to be set later this month of in November.
- The Town is currently in negotiations with the Auburn Police Union for a new contract that would replace the current contract due to expire on March 31, 2019.
 Any increase in cost items covered by a new contract is not reflected in the current budget proposal.

Proposed FY 2019 Town Budget October 16, 2018 Page Two

- A few one-time items included in the budget proposal is an MRI Operational Review of the Griffin Public Library operations (\$6,500); the Town's 20% matching share of project costs for the proposed multi-use path along NH Route 121 (\$180,832); a review and updating of the Town's wage and salary schedule (\$9,500); replacement of the Town Hall network file server (\$9,000) and a number of capital items requested by the Parks & Recreation Commission totaling \$350,690.
- There are also increases proposed in various operational line items including Master Plan & Regulatory updates by the Planning Board (\$20,000); computer services for the Police Department for the replacement / upgrade of a number of computer work stations (\$30,000); specific identification of the Fire Chief's salary in the Fire Department budget (\$27,000); shimming & overlay in the Highway budget (\$180,000); highway salt (\$180,000); and recreation ice rink (\$13,000)

The Board of Selectmen began working on this budget with a presentation of the total budget on September 10th and has been making adjustments since then, while some department heads have proposed adjustments or elimination of some of the requests originally submitted in this process. The Budget Committee will clearly see those moving forward. I believe it is safe to say the budget recommendations that will be coming to the Budget Committee from the Board of Selectmen will likely be at least \$300,000 or more less than the total of the original budget requests.

Hopefully, this advance look at the entirety of the proposed Town budget will be helpful to both the Selectmen and Budget Committee in preparing for the budget work and review ahead over the next three months.

Thank you for your consideration.
