

Auburn Conservation Commission Meeting

December 18, 2015

Town Hall

Members present: Diana Heaton, Rick Burnham, Jeff Porter, Peg Donovan

Meeting called to order at 7p.m.

J. Porter covered that this meeting was convened to allow the Cons Com to formally accept the easement language which will be used for the Dufrense properties.

J. Porter asked if there were any questions regarding the language or any questions in general.

P. Donovan had questions regarding the surveying language, the range way and whether tract 2 (the ~5 acre parcel) was going to be in the easement.

J. Porter explained the conversations that have been conducted with the town administrator and SELT regarding what the disposition of the tracts would be. The legal councils from the town and SELT concluded that the easement would include both tract 1 and tract 2 in the easement protection and that the range way would not be part of the easement.

J. Porter inquired whether there were additional questions or concerns – no additional question.

D. Heaton made a motion to accept the easement language as written

P. Donovan seconded

All in favor, no opposed

P. Donovan made a motion to adjourn, D. Heaton seconded. All in favor

Meeting adjourned at 7:12
